OBJECTIVES

I am a 3rd-year IT student passionate about Full-Stack Development, with strong skills in Frontend technologies like HTML, CSS, JavaScript, and React. I also have experience with backend development using Node.js and databases.

I developed a CRUD-based hotel booking web application, including features like room booking, editing, cancellations, and displaying room details.

I aim to contribute to innovative projects while expanding my skills in both frontend and full-stack development.

TECHNICAL SKILLS

Advance

- React
- Javascript
- Node.js
- Typescript
- Python

Intermediate

- Next.js
- TailwindCSS
- MaterialUI
- Flutter
- SQL

Basic
